

## **LARGEST BUBBLE WALL**

The following act as a guide to the specific considerations and undertakings, in addition to the general requirements as detailed in the General Rules of the Record Breakers' Pack, for any potential attempt on the above record.

They should be read and understood by all concerned – organisers, participants and witnesses – prior to the event.

Please note that, as detailed in the Agreement Regarding Record Attempts, these guidelines in no way provide any kind of safety advice or can be construed as providing any comfort that the record is free from risk.

### **GUIDELINES**

The record for the largest bubble wall is based on the overall area of a bubble wall made by an individual .

1. Full details of the bubble-making device should be provided, as should the method of use, the solution formula and the environmental conditions.
2. The bubble wall should stay up continuously for a minimum of 5 seconds.
3. The bubble wall must be a minimum height of 3 m (10 ft).
4. Although the record is based on the overall area of the bubble wall, the height and length must also be given.
